Important Information

Example: 123456-7

Your account number has a number after the dash this is referred to as a check digit. You will notice this on your statements & receipts.

When you set up your direct deposit/debit to the account please include the check digit. This keeps the account number in alignment so that the transaction will be processed correctly. There is (No) need to include a (001) savings or (009) checking because you will have indicated this preference on the form or website.

If ever in doubt please call the Credit Union: 623-776-4713/800-284-0633
